

## **BirdWatching**

### **YOUR VIEW SUBMISSION GUIDELINES**

*Revised 6 April 2011*

"Your View" combines great stories with wonderful photos submitted by readers. Please join them. Tell us about the interesting birds you've met -- in your backyard and around the world. Here's what we're looking for:

- Tales about birds you went looking for -- and found
- Anecdotes about your backyard and the birds you share it with
- Do-it-yourself projects that you've done yourself
- Gardening and bird-feeding pointers
- Nestbox hints
- Stories of your struggles with squirrels and other unwanted guests
- And, of course, your best bird photographs

Submit photos as full-resolution, high-quality JPG files on a CD or via email (no TIFFs, please). The photo dimensions should be *at least* 4 by 6 inches at 300 dpi. Include a short description of the photo; tell us the bird name, the equipment used, and the location.

#### **Send your photos and stories here:**

E-mail: [yourview@birdwatchingdaily.com](mailto:yourview@birdwatchingdaily.com)

We do accept original slides and high-quality prints but will return them only if you include a self-addressed envelope with sufficient postage.

If we publish a story or photo of yours, we will send you one complimentary copy of the issue in which it appears. *Please note:* There is no payment for use of text or photos in "Your View."
